DONNA ELLSWORTH

CYNTHIA PREFONTAINE

This race was so much fun! We're already talking about plans for next year! Cynthia and I raced our butts off and finished 2nd place in the Women's class. We were the only team with only two people, in the whole event!

Moto 1 (Sat 1pm-5pm)
Moto 2 (Sat 9pm-1am)
Moto 3 (Sun 12pm-4pm)

The race didn't go as planned but considering we got a flat in moto 1 along with a time penalty and in the Night moto we had a long pit stop trying to fix lights and tighten the axle nuts. moto 3 is where our luck took a nose dive. Cynthia started this moto and was killing it out there with awesome lap times and Donna also got in her first run of the day with great times. With only about an hour and a half left in the race we experienced motor issues that kept us from continuing but we were able to push the bike across the finish line at the checker for a 2nd place finish!

Thank you so much to Elka for making this race a possibility for us. We had such a blast and it wouldn't have been possible without them!
